SUMMARY

10,000+ Users at Launch | 80,000+ Site Visits | Product designer working with early-stage startups, B2C and B2B teams on user-centered design, design systems and visual identity. Proficient in Figma and Framer, with a Computer Science background.

EXPERIENCE

Software Development Intern

May 2026 – Jul 2026

LTIMindtree (LTM) · Client: Bharat Petroleum Corporation Ltd. (BPCL), Mumbai · [Certificate](#)

- Contributed to a safety monitoring system that flags equipment and safety incidents from live CCTV feeds across BPCL sites.
- Led design discussions on how detection data should be structured and presented in the dashboard, then built those screens, now running against live feeds.

Product Design Intern

Jun 2026

Nextg Apex, B2B retail-technology platform · [Case study](#) · [Certificate](#)

- Redesigned a ten-year-old website across 6 pages, repositioning it from a generic services site to a clear product story.
- Created the company's first design system: 17 colour tokens, two typefaces and one spacing scale, applied across every page.
- Designed an animated WebGL hero where around 1,600 scattered nodes come together into a connected network, matching the product's core claim.
- Implemented accessibility from the start, with keyboard-navigable tabs and menus, reduced-motion and no-WebGL fallbacks, and WCAG AA contrast set at token level.

UI/UX Design Intern

Jul 2025 – Oct 2025

LUMA Technologies (Layover), airport dining and lounge platform · [Case study](#) · [Certificate](#)

- Delivered 40+ screens across five surfaces of a 0-to-1 marketplace: marketing site, consumer web, iOS app, vendor portal and admin portal. The platform reached **10,000+ users**.
- Built the ordering experience around prep time, one value vendors set per item, travellers see next to price, and operators use to rate vendor reliability.
- Mapped a six-step vendor onboarding flow across licensing, ID and bank verification, ordering the quickest steps first to limit drop-off.

Design Intern

Jan 2025 – Jul 2025

Moon Finance, Remote · [Certificate](#)

- Shipped the company website, giving the brand its first consistent visual identity online.
- Produced **60+ branded creatives** for social and campaign channels using that same system.

ADDITIONAL PROJECTS

Regis — Product design for an AI-native compliance platform for Indian NBFCs. Rebuilt a 346-obligation filing queue around risk and deadline, with an evidence workflow and a 27-token design system. [Case study](#)
